## PROJECTS

### 1. Heritage Treasures: Empowering Local Artisans

Jun 2024 – Sep 2024

Encouraging independence for local skilled women.

JAVASCRIPT, REACT.JS, NODE.JS, EXPRESS.JS, MONGODB

- Heritage Treasures, a website which provides a platform for all local women to sell their products which are unique as well as traditional in nature.
- The idea of this project is to empower **79%** of women who lacked independence in earning despite possessing valuable skills.
- Developed a platform enabling buyers and sellers to transact at affordable rates, empowering women by providing a comfortable and efficient business environment with reduced operational complexity.
- Implemented key concepts such as **Redux**, **Material UI**, and **Single Page Application (SPA)**, along with **Single Sign-On (SSO)** and **multi-role permission management** for enhanced user experience and security.

### 2. E-Learning Website (CRUD)

Sep 2023 - Dec 2023

Online Learning platform

HTML, CSS, JavaScript, NodeJS

- Developed a full-stack E-Learning platform, enabling users to register, access course materials, and track progress.
- Integrated NodeJS backend for managing user data and dynamically updating course content.
- Implemented a responsive UI using HTML, CSS, and JavaScript for seamless user experience across devices.

## CERTIFICATION

- Website Creation Using JavaScript – Simplilearn** (August 2023)
- HTML, CSS Certification – Great Learning** (June 2023)
- Backend Application Development using NodeJS – PW Skills** (September 2023)
- NodeJS Certification – Scalar** (July 2023)
